WORK AUTHORIZATIONS AND INVOICE PROCEDURES

Submitting Invoices

Dover Food Retail (DFR) encompasses goods from the Hillphoenix and Anthony Suite of Products which are: Case, Specialty Case, Rack Systems, Specialty Glass, and Doors & Frames. Key information is outlined within this document to assist service contractors in obtaining work authorizations and properly submitting their invoices.

HOW TO OBTAIN A WORK AUTHORIZATION

The following are the steps that must be followed when submitting a NON-Emergency Work Authorization

- ✓ Contact your local Field Support Engineer. All warranty repairs must be approved in advance before services are started.
- ✓ The contractor must detail the scope of work including parts cost(Model/Serial Number when applicable) and labor cost so a Work Authorization can be completed and approved.
- ✓ A DFR Work Authorization will be emailed to the service contractor.

NOTE: The contractor must obtain the Work Authorization first before any work can be performed. An Approved Work Authorization will only be dispatched by Warranty and Field Support Group.

Once a Work Authorization has been issued, the contractor has up to **120 days** from the time issued to submit the invoice for payment. **After 120 days**, the Work Authorization will automatically be cancelled without exception and any invoices submitted after that will be denied for payment and returned to you. For all emergency, after hours, weekend, or holiday repairs a Work Authorization must:

- ✓ Request a Work Authorization the next business day from the Field Support Engineer
- ✓ The work must be performed in accordance with DFR Warranty Policy.

HOW TO SUBMIT AN INVOICE FOR PAYMENT

The following steps are how to submit an invoice. Failure to follow the procedures will result in delay and or denial of payment. When submitting an invoice for payment the contractor must:

- ✓ Have within the invoice a reference of the Work Authorization under the PO# Field
- ✓ The total amount of the invoice should not exceed the Approved Work Authorization. Any changes to the original Work Authorization must be approved in advance by the Field Support Engineer. DFR will not accept responsibility for costs exceeding the authorized amount.
- ✓ The complete model and serial number of all equipment worked on must be noted within the invoice. Excluding this will delay the payment process and could result in denial of payment.
- ✓ Attach a copy of the Work Authorization to the invoice. Invoice received without a Work Authorization will be denied payment.
- ✓ Attach a copy of the wholesaler's invoice if parts are purchased and are a part of the invoice amount. Invoice received without this will result in delays and or denial of payment.
- ✓ When requested, failed or defective parts must be returned to DFR. A Return Materials Authorization (RMA), if issued, will include instructions and return address information.

Submit all that's requested above along with the invoice to:

Hillphoenix: hpx-warranty-wa-invoices@doverfoodretail.com | **Anthony:** serviceinvoice@doverfoodretail.com

If you receive communication requesting additional information pertaining to the work performed, such as correct model, serial number or work order number, you will have 30 days in which to respond. If DFR does not receive the information within 30 days, the invoice will be denied and returned to you.

DFR warranty is subject to the conditions contained in each Manufacturer's Warranty Policy which can be found in the back of the Installation Manual that accompanied the equipment when it was originally delivered. A copy of the Warranty Policy is available with this document.
