Proud Partner

Helping Food Retailers Become More 'Green'

We have earned the EPA's GreenChill Store Certification Excellence recognition

13 YEARS IN A ROW.

This recognition is awarded to the commercial refrigeration systems manufacturer that installs the most advanced refrigeration systems in GreenChill-Certified Stores in a year.

Innovating What's Next in Sustainability

We continue to create sustainable solutions for our customers. Our latest developments include:

ChargeSecure™, a charge preservation solution that minimizes downtime and offers peace of mind during power outages and service events by maintaining charge on Hillphoenix CO₂ systems.

84% ↓

Advanced CO₂ heat reclaim possibilities, including a collaboration with CO₂ThermaBoost™ our Advanced Heat reclaim technology that **cut natural gas used for comfort heating by 84% at one Pennsylvania grocery store.**

Providing Dependable, Scalable and Sustainable Solutions

25 YEARS

25 Years of Natural Refrigeration Experience

22K INSTALLS

22,000+ Installations of CO₂ Systems

14K INSTALLS OF R-290 DISPLAYS

Industry-leading Platform Portfolio of Cases That Use Natural Refrigerants, Including Self-Contained R-290 Display Cases

Helping Retailers Take the Next Step
